I am a motivated frontend developer with experience as a markup developer. I like to plan and monitor the progress of my tasks. I enjoy collaborating and helping others in a team. Currently, I am looking for a job or internship to gain practical experience with my acquired skills and improve them.

HTML	CSS	JavaScript	ReactJS	Git	Storybook	Node.js
MySQL	Heroku	Swagger	Knex.js	RestAPIs	Figma	Open Cart

Development projects

Kaospilot Toolbox graduation project, HackYourFuture | Jun 2022 - Aug 2022 | Git | Demo
The Kaospilot Toolbox app was created as a result of teamwork on the graduation project using ReactJS, Node.js, Knex.js, MySQL, Swagger, Storybook, Firebase.

Meal Sharing App | Apr 2022 - May 2022| Git | Demo
Technologies: ReactJS, Node.js, MySQL, Heroku.

ToDo list App | May 2022 | Git | Demo
App created using ReactJS for adding, updating, and removing tasks in a list.

Experience

Markup Developer | Feb 2020 - Mar 2022
HTML/CSS coding using OpenCart and WordPress templates. I was responsible for changing styles and layouts for OpenCart or WordPress themes following the design developed in Photoshop or Figma.

Admissions Office Internship | Jul 2016
I assisted the staff of the selection committee. I made calls, and daily lists reports with applicants' ratings, and made an inventory of documents in cases.

Education

HackYourFuture, Web Development | Nov 2021 - Aug 2022 | Curriculum
Coding bootcamp designed to cover all aspects of full-stack development including HTML, CSS, JavaScript, NodeJS, MySQL and ReactJS.

Kyiv National University of Civil Engineering and Architecture | Sep 2018 – Dec 2019
Faculty of Automation and Information Technology. Project Management Department. Master degree.

Kyiv National University of Civil Engineering and Architecture | Sep 2015 – Jun 2018
